

Krishna Paudel

Web Developer

PROFESSIONAL SUMMARY

Resourceful Front End Web Developer bringing in-depth knowledge of latest technology trends to produce clean website design. Experience handling complex HTML and CSS coding, design, and extensions to meet organization's front-facing internet needs. Detail-oriented collaboration with others to define project expectations and demand. Hands-on testing and debugging to address inconsistencies and maintain performance thresholds.

CONCLUSION

I am never shy about learning new things. Since I have collected the required skill set to hop on to my coding career. Even though I have a specific skill set as listed I am open to the opportunities within the boundaries of my skillset and beyond.
